

# SUPARCO BUSINESS SOLUTIONS

## E-Plane and H-Plane 90° Bends

### Technical Specifications

- ⚙️ Frequency range: C- Band
- ⚙️ Waveguide: WR 187
- ⚙️ Peak Power: 1.04 MW
- ⚙️ VSWR: 1.08 Max
- ⚙️ Flange: UAR 48/CAR48
- ⚙️ Material: Aluminum

### Product Description

- ★ E-Plane and H-Plane bends are used in low loss transmission lines (waveguide assemblies).
- ★ Could be customized according to desired frequency range
- ★ Developed according to mil. standards
